BRADY

# Quickly design labels and signs with Brady Workstation

**30 day free trial for every app!**

# Design any label with Brady Workstation apps

Brady Workstation offers professional, intuitive apps to design quality product and cable labels and safety signs. Label design becomes easier, faster and quickly adaptable to new label norms thanks to centralised updates.

## Select the apps you need

Simply select the apps you need, download the 30-day trial and purchase when satisfied. Available product, cable, safety and facility identification apps enable you to:

- design and edit custom labels and signs
- design label templates and lock elements for consistency
- create text-only cable labels
- automate label creation
- easily import data
- easily set up complex label sequences
- easily design CLP-chemical labels
- print lockout procedures, tags and energy source labels
- design safety and facility signs.

**and much more...**visit http://workstation.bradyid.com/

## Available in multiple languages

Brady Workstation apps are available in 20 languages, including English, French, German, Russian, Spanish, Italian, Polish and Dutch.

## Easily connect to your printer

Brady Workstation works seamlessly with a range of Brady desktop and portable printers. Brady's high-end label printers also offer bi-directional communication with Brady Workstation and will inform users if they have to switch label materials to print specific label designs. Printer compatibility is shown in Brady Workstation on an app by app basis.

## Data automation and integration

Use dedicated BWS apps to print data coming from your ERP system. Don't worry about human error or wrong labelling, connect your ERP to our Data Automation software.

# Your one-stop shop for mobile printing

The Brady Workstation Express Labels App makes mobile printing convenient and simple. This intuitively designed software integrates touchscreen technology for fast and easy label creation, including label resizing using touch and a native keyboard for more natural typing. To make label creation even more convenient, the app features auto-save capabilities, tools to help you easily enter data onto your label, and easy-to-use editing tools to keep labeling projects moving smoothly.

With our Express app installed, you can easily design complex labels with 1D and 2D codes and barcodes, serialise, use an extensive image library, include text, a time stamp and even data from the cloud. The Express app offers the most comprehensive label design capabilities available for any smartphone and includes design wizards to quickly create specific identification labels.

**Get the free app from Apple App Store or Google Play**

# Keep printing everywhere

Forget the days of wasting time driving back and forth between the office and the jobsite to get new labels for every identification project. With this combination of mobile software and mobile print connectivity, you get the freedom to push data from the office to the field so your field engineers have everything they need to complete the task at hand. After the job is complete, rely on the high-performance of Brady materials to provide long-lasting identification.

Try it today! Discover the Brady Workstation mobile apps on www.bradyeurope.com/BradyWorkstationMobile

# Brady Workstation suites

Every Brady Workstation app can be downloaded, tested and purchased separately. Additionally, Brady Workstation also includes several label design suites that combine apps frequently used to create product identification labels, cable identification labels, safety signs and labels, or to set up automatic label creation processes.

## LabelMark Upgrade Suite

When you're ready to step up to Brady Workstation from LabelMark software, the LabelMark upgrade suite of apps includes everything you need for the transition. You can design basic text labels or labels with advanced formatting, add graphics, barcodes, serialize and import data.

| 149193 | BWS-LMUPGS-EM | Brady Workstation LabelMark Upgrade Suite as electronic media |
| 149194 | BWS-LMUPGS-CD | Brady Workstation LabelMark Upgrade Suite on CD |

## Basic Design Suite

Get everything you need to create your own custom labels with the Brady Workstation Basic Design Suite. With basic design, formatting, graphics and simple bar code libraries, you can design labels like a pro in no time. Best of all, it's FREE when using a Brady printer.

Download app

▸ Available as a free download

## Product & Wire Identification Suite

When you need to create product-identification and wire-marking labels, the Product and Wire Identification Suite is your go-to solution. It allows you to create basic text labels or labels with graphics and custom formatting, and serialise and import data.

|---|---|---|
| 150498 | BWS-LABS-EM | Brady Workstation Laboratory Suite as electronic media |

# Brady Workstation apps

Every Brady Workstation app can be downloaded, tested and purchased separately. Additionally, Brady Workstation also includes several label design suites that combine apps frequently used to create product identification labels, cable identification labels, safety signs and labels, or to set up automatic label creation processes.

## Print Partner*

Save time, reduce errors and establish label consistency with the Print Partner app. Non-editable fields keep label layouts and information safe, while users can easily enter data into variable fields and then print.

Watch a video | Download app

| Article No. | Order Reference | Description |
|---|---|---|
| 146248 | BWS-PP-EM-VOL | Brady Workstation Print Partner for multiple users |
| 148000 | BWS-PP-EM | Brady Workstation Print Partner for 1 user |

## Batch Print

The Batch Print app is your one-stop shop for grouping files to print together. By batching similar files together to print as one job, you can save ribbon and tape materials. And if you need to print the same files again and again, you can save your jobs for faster reprints.

Watch a video | Download app

Available as a free download

## Manage Files

Need to see and organise your label files from all of your apps in one place? The Manage Files app lets you manage all of your saved files from one screen, with options to preview, categorise and delete your files without going into each app separately.

Download app

Available as a free download

## Template Editor

For more consistent, accurate labels, the Template Editor add-on module available in Custom Designer, Custom Designer Lite and Text Labels editor apps allows you to set elements on your labels to be editable or locked.

Download app

Available as a free download

## Label Settings

Save time and reduce errors by setting default horizontal and vertical printing adjustments when using specific label supplies with a specific printer. The Label Settings app also allows you to define custom label supplies for use with Brady Workstation, similar to the Custom Parts feature in LabelMark.

Download app

Available as a free download

## Custom Designer**

When you need full label creation capabilities to streamline your work and maximise your investment, Custom Designer is the app of choice. This premier label-editing app includes all of the features of Custom Designer Lite, plus more bar codes, linked objects, label error checking, subscript/superscript, advanced editing tools and more.

Custom Designer version comparison →

## Custom Designer Lite*

When all you need is a simple label editor to add text, bar codes, graphics and shapes to your labels, Custom Designer Lite is the ideal tool. This no frills label editing app also lets you customise labels created in any other Brady Workstation app.

Custom Designer version comparison | Download app

Available as a free download

## Text Labels**

When you need just a few lines of text for a wire or cable marker, the Text Labels app provides a simple, streamlined experience. It enables you to enter text easily and shows you how many lines of text will fit onto your label.

Watch a video | Download app

| Article No. | Order Reference | Description |
|---|---|---|
| 149186 | BWS-TL-EM | Brady Workstation Text Labels as electronic media |

## LabelMark 4 Converter

The LabelMark 4 Converter does just what it says: converts your files for use in Brady Workstation. You can convert a single file or all files in a single folder at once. (You do NOT need this utility for files from LabelMark 5 or 6, as these files can be opened directly within Custom Designer, Custom Designer Pro or Text Labels without needing to convert them).

Download app

Available as a free download

## Arrow Tape

Beyond creating a compliant pipe marker, you need to know which direction the pipe contents are flowing in. The Arrow Tape app uses pre-defined templates and layouts to help you create a strip of repeating arrows or icons to wrap around your pipe, showing content direction.

Watch a video | Download app

| Article No. | Order Reference | Description |
|---|---|---|
| 149197 | BWS-AT-EM | Brady Workstation Arrow Tape as electronic media |

## Pipemarker (CLP)

When you need the pipe markers to comply with the CLP European pipe marker standards, Pipe Marker (CLP) is your solution. Utilising pre-defined templates and layouts, this app allows you to create the customised pipe markers you need to meet the specific requirements established for your country.

Watch a video | Download app

| Article No. | Order Reference | Description |
|---|---|---|
| 149206 | BWS-CLP-PM-EM | Brady Workstation CLP Pipemarker as electronic media |

## Pipemarker (CLP-Rollform)

For times when you need a CLP-compliant pipe marker that also wraps around your pipe, use the Pipe Marker (CLP-Rollform) app. With this app and its pre-defined templates, you can create the customised pipe markers you need using a roll-form layout to wrap around your pipe.
